## November free talk on Camino Way at Gleeson Sport Scene

GLEESON Sports Scene and Camino specialists [CaminoWays.com](http://CaminoWays.com) are hosting a free Camino de Santiago talk at the Gleeson Sports Scene store on Wednesday November 2 at 7pm.

[CaminoWays.com](http://CaminoWays.com) sales director Jeremy Perrin will introduce the history of the famous Camino de Santiago, with trails across Spain, Portugal and France.

Originally a pilgrimage, the legendary Camino has become one of the world's most famous walking and cycling routes, with thousands heading to Santiago de Compostela in Galicia, north west Spain each year.

Jeremy Perrin will share details of the most popular Camino routes including the Camino Frances, the Portuguese Coastal Way, the Northern Way and more. Expect attendees at Gleeson's to get an insight into the culture of Camino and useful travel tips.

The floor will be open to questions so you can get any information needed for a mooted trip.

The Wednesday November 2 event is free but spaces are limited so registration in advance is highly recommended. Book a ticket online at <http://caminoways.com/camino-talks> or by contacting the store.
