Now walk this way

■ WE featured a Camino Ways trip for the pilgrimage to Santiago last week – but the company has many other walking holidays to suit the free spirits.

They have a seven day easy walking holiday in the heart of Tuscany, (right) along the Via Francigena from €679pp.

There's also a five day day 'foodie walking' break along the Portuguese Way from €350. For the more active families there's a seven day cycling trip along the coast from Bilbao to Santander from €759 per adult and €590 per child.

For more info see www.caminoways.com or phone 01-525 28 86.

■ IF YOU book early you will save – and that applies not only to package holidays but home vacations as well.

Trident Holiday Homes are running their popular two weeks for the price of one offer starting on June 28, just in time for the start of the primary school holidays. The earlier you go on holidays the more you save with Trident Holiday Homes.

The deal applies to many of their seaside destinations, such as Kilkee, Bundoran, Dunmore East and Ballybunion with prices from €560, which works out at €280 per week.

Trident Holiday Homes' website has a wealth of links to the activities in every one of their holiday destinations. Also check out Trident's regular Crazy

Price weeks on the site.
